

January 21, 2010

The Honorable E. Benjamin Nelson  
United States Senate  
720 Hart Senate Office Building  
Washington, DC 20515-2706

Dear Senator Nelson:

I am writing to express my support for Faith Regional Health Services' (FRHS) pursuit of federal appropriations for Fiscal Year 2010. FRHS is an excellent source of healthcare for the city of Norfolk and the surrounding communities. They are a fervent force providing quality care, education, technology, and clinical outreach.

FRHS is determined to pursue the most advanced technology and practices. The awarding of congressional funds to FRHS will allow them to continue their efforts of realizing a \$10m electronic health record implementation, thus providing FRHS and our region's rural hospitals and clinics access to the most advanced medical imaging technology. The funds will allow FRHS to continue to show tremendous leadership in expanding access to and enhancing the quality of healthcare in our region while reducing the costs of transmitting information from significant distances and shorting the length of time of correspondence between hospitals in our region.

As a citizen of Northeast Nebraska, I am excited about the pursuit of these funds and what they can do for our area. I offer my full support to FRHS in their endeavor to pursue federal appropriations for Fiscal Year 2010. Thank you for your consideration in helping us make a difference in our community and others in Northeast Nebraska.

Sincerely,

A handwritten signature in black ink that reads "Brandon Day". The signature is stylized and cursive.
