Honorable E. Benjamin Nelson
United State Senate
Nebraska

Regarding: Center for Rural Entrepreneurship Application

Dear Senator Nelson:

I would like to endorse the Center for Rural Entrepreneurship's application for funding through the Congressional Request Process in support of additional community Entrepreneur Coaching Projects in Nebraska. There is significant interest and demand for economic development. Based on our experience we believe the Center's program offers great promise for helping communities better support entrepreneurs as a way to create jobs and grow their economy.

As an outreach of Mid-Plains Community College, we work with communities, businesses, and constituents throughout our eighteen-county service area in west-central Nebraska to meet their learning needs. Entrepreneurship is a key area of focus for our organization and we appreciate the support we receive from the Center for Rural Entrepreneurship in serving our area. The Center's knowledge of entrepreneurship and how individuals and organizations can support entrepreneurs in their ventures is of great value to the region.

We support the Center's application for funding. They deliver value in our region and we see opportunities to work with them in the future to deliver even more value.

Sincerely,

Cinch Munson
Associate Vice-President
