Dear Mr. Nelson

As a business professional and a concerned citizen of Tilden, Nebraska, I would like to take this opportunity to express my support for the proposal that is being presented to you by Faith Regional Health Services (FRHS) of Norfolk, Nebraska. This proposal will allow our small community hospital located 22 miles west of Norfolk to work in conjunction with FRHS to make significant steps towards the implementation of an interoperable Electronic Medical Record. The Tilden Community Hospital is a vital part of the City of Tilden and has been a lifesaver to many of its citizens. The addition of an Electronic Medical Record, along with the ability to integrate with FRHS as a referral hospital will only enhance the ability of our small hospital to deliver quality care.

I hope that you will carefully consider this proposal and grant the requested funds that will allow this vital project to become a reality.

Respectfully,

THE TILDEN BANK

Debora Qualset, Assistant Vice President
