Dear Mr Nelson,

I understand that Faith Regional Health Services is applying for a federal grant pertaining to electronic health record implementation which I am requesting your support. Faith Regional works closely with North East Nebraska rural hospitals and plans to extend the benefits of this system to them.

Niobrara Valley Hospital, located in Lynch, is a small facility with limited staff and resources. Trying to tackle this project on their own would be a definite burden. It makes good sense to be willing to work together for a common goal rather than all competing to see who can get the most.

Sincerely,

A handwritten signature in blue ink that reads "Jerald G. Dennis".
