Senator E. Benjamin Nelson

United States Senate

Dear Senator Nelson,

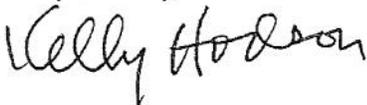

As an active citizen on Northeast Nebraska, I am writing to express my full support for Faith Regional Health Services pursuit of federal appropriations for Fiscal Year 2010.

As you are aware, health care providers in rural Nebraska face major challenges with regard to their efforts to provide affordable, modern health services. The use of new technologies will enable rural hospitals and clinics to tap into an almost unlimited supply of highly trained medical providers that were previously unavailable.

We in Northeast Nebraska are excited about what these new technologies can do for healthcare in our area. These federal funds will make a very significant difference in the quality of health care for us.

I urge you to support this federal funding and thank you in advance for your efforts on our behalf.

Respectfully,

Kelly Hodson

Osmond, NE 68765
