The Honorable E. Benjamin Nelson
United States Senate
720 Hart Building
Washington, D.C. 20510

Dear Senator Nelson,

I am writing today to respectfully request that you favorably consider the federal appropriations request for the Clyde Malone Center's Facility Expansion and Renovation Project. They are requesting \$500,000 from the Transportation-HUD/Economic Development Initiative to complete needed renovations and expansion which would allow the Malone Center and numerous partners including a collaboration with El Centro De las Americas to provide much needed programs and services to those in the Malone neighborhood and beyond.

The Malone Center has worked to strengthen the Lincoln community since 1955 by providing a safe place for children to learn, create and contribute. Their positive impact on our neighborhood and the City of Lincoln as a whole is one to emulate and inspire and deserves to be strengthened so that it can continue to do so for generations to come.

Please contact me if you have any questions.

Sincerely,
